

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA HCS 2024 and Canada Hazardous Products Act (HPA) and  
Hazardous Products Regulation (HPR), as amended

Issuing Date 29-May-2024

Revision date 05-Nov-2025

Revision Number 2

## 1. Identification

### Product identifier

**Product Name** MAJESTIC Multipurpose Hydraulic Oils

**Other means of identification** AW 32, AW46, AW 68; ISO 32, 46, 68

**Product Code(s)** 07-392032, 07-392046, 07-392068

**Synonyms** Hydraulic oil

### Recommended use of the chemical and restrictions on use

**Recommended use** Hydraulic oil

**Restrictions on use** No information available

### Details of the supplier of the safety data sheet

**Manufacturer Address**  
Pinnacle Oil Holdings, LLC.  
8175-B Allison Ave.  
Indianapolis, IN 46268  
317-875-9465  
www.pinnoil.com

**Supplier Address:**  
Pinnacle Oil Holdings, LLC.  
8175-B Allison Ave.  
Indianapolis, IN 46268

**E-mail** sds@pinnoil.com

### Emergency telephone number

**Emergency telephone** CHEMTREC: +1-703-527-3887 (INTERNATIONAL)  
1-800-424-9300 (NORTH AMERICA)

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard 2024, or Canada Hazardous Products Act (HPA) and Hazardous Products Regulation (HPR), as amended.

### Label elements

No label elements required.

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**  
No information available.

### Other information

No information available.

### 3. Composition/information on ingredients

#### Substance

Not applicable.

#### Mixture

The product contains no substances which at their given concentration, are considered to be hazardous to health.

**Synonyms** Hydraulic oil

| Chemical name                                             | CAS No.    | Weight-%      | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|-----------------------------------------------------------|------------|---------------|------------------------------------------------------------------------------|-------------------------------------------------------------|
| Distillates (petroleum), solvent-dewaxed heavy paraffinic | 64742-65-0 | <= 99.05      | -                                                                            | -                                                           |
| Distillates (petroleum), hydrotreated heavy paraffinic    | 64742-54-7 | <= 97.07      | -                                                                            | -                                                           |
| Zinc bis[O,O-bis(2-ethylhexyl)] bis (dithiophosphate)     | 4259-15-8  | 0.33 - 0.43   | -                                                                            | -                                                           |
| 2,6-Di-tert-butylphenol                                   | 128-39-2   | 0.14 - 0.24   | -                                                                            | -                                                           |
| Distillates, petroleum, hydrotreated light paraffinic     | 64742-55-8 | 0.01 - 0.03   | -                                                                            | -                                                           |
| Phenol, (tetrapropenyl) derivatives                       | 74499-35-7 | 0.001 - 0.003 | -                                                                            | -                                                           |

### 4. First-aid measures

#### Description of first aid measures

|                     |                                                                                                                                      |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>   | Remove to fresh air.                                                                                                                 |
| <b>Eye contact</b>  | Rinse thoroughly with plenty of water, also under the eyelids. Get medical attention if symptoms occur.                              |
| <b>Skin contact</b> | Wash skin with soap and water. Get medical attention if symptoms occur.                                                              |
| <b>Ingestion</b>    | Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Get medical attention if symptoms occur. |

#### Most important symptoms and effects, both acute and delayed

|                            |             |
|----------------------------|-------------|
| <b>Symptoms</b>            | None known. |
| <b>Effects of Exposure</b> | None known. |

#### Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

### 5. Fire-fighting measures

|                                                   |                                                 |
|---------------------------------------------------|-------------------------------------------------|
| <b>Suitable Extinguishing Media</b>               | Dry chemical, CO2, water spray or regular foam. |
| <b>Unsuitable extinguishing media</b>             | High volume water jet.                          |
| <b>Specific hazards arising from the chemical</b> | None known based on information supplied.       |

**Hazardous combustion products** Carbon oxides.

**Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation. Avoid breathing vapors or mists. Avoid contact with skin, eyes or clothing. Use personal protective equipment as required.

### Methods and material for containment and cleaning up

**Methods for containment** Stop leak if you can do it without risk. Move containers from spill area.

**Methods for cleaning up** Wash spillages into an effluent treatment plant or proceed as follows: Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13).

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid breathing vapors or mists. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing. Use personal protection equipment. Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.

**General hygiene considerations** Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Protect from direct sunlight. Store away from incompatible materials. Keep away from food, drink and animal feeding stuffs. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

## 8. Exposure controls/personal protection

### Control Parameters

**Exposure Limits** This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

### Appropriate engineering controls

**Engineering controls**                      Showers  
                                                      Eyewash stations  
                                                      Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection**                      Wear safety glasses with side shields (or goggles).

**Hand protection**                              Wear suitable gloves.

**Skin and body protection**                      Wear suitable protective clothing.

**Respiratory protection**                      No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**Environmental exposure controls**                      Prevent entry into waterways, sewers, basements or confined areas.

**9. Physical and chemical properties**

**Information on basic physical and chemical properties**

**Appearance**                                      Clear, bright liquid  
**Physical state**                                      Liquid  
**Color**                                                  Pale yellow  
**Odor (includes odor threshold)**                      Mild Petroleum

| <u>Property</u>                                                  | <u>Values</u>       | <u>Remarks • Method</u> |
|------------------------------------------------------------------|---------------------|-------------------------|
| <b>Melting point / freezing point</b>                            |                     | No data available       |
| <b>Boiling point (or initial boiling point or boiling range)</b> |                     | No data available       |
| <b>Flammability</b>                                              |                     | No data available       |
| <b>Flammability Limit in Air</b>                                 |                     |                         |
| Upper flammability or explosive limits                           |                     | No data available       |
| Lower flammability or explosive limits                           |                     | No data available       |
| <b>Flash point</b>                                               | > 230 °C / 446.0 °F |                         |
| <b>Autoignition temperature</b>                                  |                     | No data available       |
| <b>Decomposition temperature</b>                                 |                     | No data available       |
| SADT (°C)                                                        |                     | No data available       |
| <b>pH</b>                                                        |                     | No data available       |
| pH (as aqueous solution)                                         |                     | No data available       |
| <b>Kinematic viscosity</b>                                       | 28.8 - 110 cSt      | @ 40 °C                 |
| <b>Dynamic viscosity</b>                                         |                     | No data available       |
| <b>Solubility</b>                                                |                     | No data available       |
| Water solubility                                                 | Insoluble           |                         |
| <b>Partition coefficient n-octanol/water (log value)</b>         |                     | No data available       |
| <b>Vapor pressure (includes evaporation rate)</b>                | < 0.1 mmHg          | @ 20 °C                 |
| Evaporation rate                                                 |                     | No data available       |
| <b>Density and/or relative density</b>                           | 0.84 - 0.875        |                         |
| Bulk density                                                     |                     | No data available       |
| Liquid Density                                                   |                     | No data available       |
| <b>Relative vapor density</b>                                    |                     | No data available       |
| <b>Particle characteristics</b>                                  |                     |                         |

| Particle Size Distribution                                       |                     | No data available       |

**Other information**

**Molecular weight**                                      No information available  
**VOC content**                                              No information available  
**Softening point**                                          No information available

**Information with regard to physical hazard classes****Explosives**

Explosive properties No information available

**Oxidizing properties**

No information available

**10. Stability and reactivity****Reactivity** None under normal use conditions.**Chemical stability** Stable under normal conditions.**Possibility of hazardous reactions** None under normal processing.**Conditions to avoid** Incompatible materials.**Incompatible materials** Oxidizing materials.**Hazardous decomposition products** Carbon oxides.**11. Toxicological information****Information on likely routes of exposure****Product Information**

.

**Inhalation** Specific test data for the substance or mixture is not available.**Eye contact** Specific test data for the substance or mixture is not available. Contact with eyes may cause irritation.**Skin contact** Specific test data for the substance or mixture is not available.**Ingestion** Specific test data for the substance or mixture is not available.**Symptoms related to the physical, chemical and toxicological characteristics****Symptoms** None known.**Acute toxicity****Numerical measures of toxicity**

The following ATE values have been calculated for the mixture:

ATEmix (oral) &gt; 5,000 mg/kg

ATEmix (dermal) &gt; 5,000 mg/kg

**Component Information**

| Chemical name                                             | Oral LD50             | Dermal LD50             | Inhalation LC50                      |

| Distillates (petroleum), hydrotreated heavy paraffinic    | > 15 g/kg ( Rat )     | > 5000 mg/kg ( Rabbit ) | -                                    |
| Zinc bis[O,O-bis(2-ethylhexyl)] bis (dithiophosphate)     | = 3100 mg/kg ( Rat )  | > 5000 mg/kg ( Rabbit ) | -                                    |
| 2,6-Di-tert-butylphenol                                   | > 5000 mg/kg ( Rat )  | > 10 g/kg ( Rabbit )    | -                                    |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** No information available.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** No information available.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** The classification listed below for the petroleum distillates in this product pertains to those that contain more than 3% DMSO extract as measured by IP 346. The petroleum distillates in this product do not meet that criteria to be classified as carcinogens. Based on available data, the classification criteria are not met.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical name                                                           | ACGIH                           | IARC                             | NTP                    | OSHA    |
|-------------------------------------------------------------------------|---------------------------------|----------------------------------|------------------------|---------|
| Distillates (petroleum), solvent-dewaxed heavy paraffinic<br>64742-65-0 | A2 - Suspected human carcinogen | Group 1 - Carcinogenic to humans | Known human carcinogen | Present |
| Distillates (petroleum), hydrotreated heavy paraffinic<br>64742-54-7    | A2 - Suspected human carcinogen | Group 1 - Carcinogenic to humans | Known human carcinogen | Present |
| Distillates, petroleum, hydrotreated light paraffinic<br>64742-55-8     | A2 - Suspected human carcinogen | Group 1 - Carcinogenic to humans | Known human carcinogen | Present |

**Reproductive toxicity** No information available.

**STOT - single exposure** No information available.

**STOT - repeated exposure** No information available.

**Aspiration hazard** No information available.

**12. Ecological information**

**Ecotoxicity** Based on available data, the classification criteria are not met.

**Component Information**

**Mobility in soil** No information available.

**Other adverse effects** No information available.

### 13. Disposal considerations

**Disposal methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

### 14. Transport information

**DOT** Not regulated

**TDG** Not regulated

**IATA** Not regulated

**IMDG** Not regulated

### 15. Regulatory information

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

**International Inventories**

Contact supplier for inventory compliance status

**US Federal Regulations****SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**
