

Product Data Sheet

NATIONAL | Power Steering Fluid

Product Description

NATIONAL Power Steering Fluid contains a unique additive system designed to provide protection against wear, corrosion and rust. It reduces power steering noise (squeal), conditions seals and it can be used in most domestic and imported cars. It is also suitable for power steering applications where automatic transmission fluids are specified.

Industry and OEM Specifications ¹

Chrysler MS-5931, GM Spec 9985010, Ford ESW-M2C128-D, CHF 7.1

Features

- Excellent protection against rust
- Keeps seals & o-rings pliable
- Helps to prevent leakages
- For year-round use
- Will not clog or foam, maintains performance
- Reduces squealing under severe conditions

Technical Data

ASTM		
Product Number		07-706012
SDS Number		S044
Viscosity @ 100°C, cSt	D445	6.84
Viscosity @ 40°C, cSt	D445	44.79
Viscosity Index	D2770	108
Specific Gravity @ 60°F	D4052	0.8671
Pour Point, °C	D5950	-36
Flash Point °C	D92	104
ASTM Color	D1500	0.5

1. Some of these specifications are obsolete; consult your owner's manual regarding its suitability for use in equipment from other OEMs. This fluid performs in most equipment without concern for fluid-related harm.

The recommended shelf life for these oils is typically 60 months from manufacturing date when stored properly in the original sealed containers.
